JERRY CLYDE RUBIN,  
WASHINGTON, D.C., DEMONSTRATIONS,  
NOVEMBER 13 - 15, 1969

On October 27, 1969, the Office of the United States Attorney (USA), Chicago, received a handwritten note addressed to Assistant United States Attorney (AUSA) [redacted] signed "Abbie and Jerry", advising of the travel plans of Abbie Hoffman and Jerry Rubin to Washington, D.C., via commercial airline on the afternoon of October 27, 1969. The note further revealed that Hoffman and Rubin would challenge John Mitchell and his wife to a duel and would announce yippie plans to march on the Justice Department on November 15, 1969, to stop the trial and advised that they, along with several hundred thousand co-conspirators, would arrive approximately 5:30 p.m., on November 15, 1969, at the Justice Department, Washington, D.C.

A source advised on November 3, 1969, that Rubin had participated in an Executive Committee meeting of the National Mobilization Committee to End the War in Vietnam (NMC), at the YMCA Hotel, 826 South Wabash, Chicago, Illinois, on November 2, 1969. The NMC Executive Committee voted to oppose any support for Rubin by the NMC in conjunction with the yippie march on the Justice Building in support of the defendants of the Conspiracy 8 to stop their trial under Anti-riot Laws Statutes, arising out of disorders which occurred at the Democratic National Convention, August, 1968, in Chicago.

Jerry Clyde Rubin

On October 27, 1969 a source who has furnished reliable information in the past, advised he attended a meeting at the "Conspiracy" office, 339 Lafayette Street, New York City from 11:00 a.m. to 12 noon on Saturday, October 25, 1969.

Abbie Hoffman and Jerry Rubin announced that a non-violent march of radicals is planned for November 15, 1969 in Washington D.C., the march to take place about 5:00 p.m. after the regular march has ended. This march of radicals will go to the Department of Justice Building, utilizing the theme, "Stop the Trials".

The source related Hoffman was very guarded in his remarks and stressed the fact that the march is to be non-violent, however, he stated "We cannot stop police attacks against us".

At the meeting, Hoffman stated that a list of 21 organizations were being contacted for involvement in this march. Hoffman also said a press conference would be held at 339 Lafayette Street, New York City at 11:00 a.m. October 29, 1969 which will be handled by Jane Friedman, who will announce the march in Washington D.C.

An individual was instructed by Hoffman to contact the Black Panther Party (BPP) and the Young Lords in New York City to try and have them participate in the November 15, 1969 march.

The source concluded by saying that Hoffman and Rubin were planning to fly to Washington D.C. on October 27, 1969 where they were scheduled to speak that evening at a place not disclosed to the source.

A characterization of the BPP is contained in the Appendix attached hereto.

The Young Lords is a Puerto Rican street gang from the near north side of Chicago, Illinois, who currently consider themselves a political organization.

APPENDIX

1.

**BLACK PANTHER PARTY**

Also Known As

Black Panther Party for Self-Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by BOBBY SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON was sentenced in 1968 to serve 2 to 15 years after being convicted of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

(inaudible)

Reporter

You can argue the justice maybe too, but isn't this the same situation that was set up during the Chicago Convention that lead to this trial? Aren't you setting up (inaudible) for yourself?

JERRY RUBIN

What happened at, in Chicago was that they prohibited people the right to march and the right to sleep in the parks. They're doing the same thing on Saturday. They're letting people assemble for rally, but then they're prohibiting people from marching on the Justice Department. People around the country think this trial's an outrage and want the trial stopped; and they're gonna march on the Justice Department and any violence will lie with the responsibility of MITCHELL KLINSKY (phonetic), I can't pronounce his name, and all the troops that they're gonna bring out. (inaudible)

Reporter

Aren't you people making yourselves liable for the same prosecution on this one as you are here?

JERRY RUBIN

It is not (inaudible)

ABBIE HOFFMAN

And we'll demand that that trial is stopped too.

JERRY RUBIN

Those are the risks of exerting your First

Amendment rights in this country it seems.

ABBIE HOFFMAN

Ya, those are the risks.

Reporter

You're gonna march whether there's a permit  
or not?

JERRY RUBIN

That's why it's a contingency plan.

ABBIE HOFFMAN

The plan is to march on the Justice Department.

Reporter

Now you said, however, if there is a police  
line set up that was not going to allow your march to  
proceed....

JERRY RUBIN

We'll go around the, we'll go around it. We  
have ways. We have magical ways of getting through those  
lines.

Reporter

You will go through the lines you can't....

JERRY RUBIN

If we get to the Justice Department, we're going to,....

ABBIE HOFFMAN

We're goint to the, to the Justice Department. Our protest has to be made at the head of the true conspiracy in this country, the department of injustice. JOHN MITCHELL has to be confronted, RICHARD NIXON has to be confronted. In the same way that the Mobilization wanted to march on the White House because NIXON is responsible for the war in Viet Nam, for the political persecution going on in this country and for this trial JOHN MITCHELL is responsible and we have to march at the Department of Justice. Now they want to tell us, well you can have it 10 miles down the road, you know in some field, that's a bunch of (obscenity). We have the right to (inaudible).

JERRY RUBIN

If you want to know what that is you could imagine what ELDRIDGE CLEAVER would do to JULIUS HOFFMAN in a dark alley. ELDRIDGE CLEAVER has every intention

of returning to the United States. He was elated by the moratorium, he is elated by this demonstration in Washington, he totally supports the march on the Justice Department, in fact he might even be there. Disguises being what they are, he may come disguised as a Federal Marshal so I would, so I would advise the Federal Marshals to be careful about who's standing next to them. That's it.

Reference New York memorandum dated November 21,  
1969.

Jerry Clyde Rubin was born July 14, 1938, at Cincinnati, Ohio, received a Bachelor of Arts degree in 1961 at the University of Cincinnati, has residence at 5 St. Marks Place, New York City, is self-employed as a writer, and since September 24, 1969, has been standing trial in Chicago, Illinois, where he is charged with conspiracy to violate anti-riot provisions of the Civil Rights Act of 1968, in connection with the demonstrations which were held in Chicago in 1968, during the Democratic National Convention.

On November 24, 1969, a source, who has furnished reliable information in the past, advised that at a meeting of the Veterans and Reservists to End the War in Vietnam which was held on November 10, 1969, at 339 Lafayette Street, New York City, no specific plans for Washington, D.C., were discussed, other than the march to the Department of Justice after the main rally on November 15, 1969. It was considered that the situation would be fluid and pre-planning unnecessary; however, all at the meeting agreed on the need for taking helmets and gas masks. It was stated at this meeting that Jerry Rubin and two other people would be speakers and that "all three would urge the liberals to take part in the Justice Department march."

On November 24, 1969, the above source advised that far into the night of November 14, 1969, leaders and planners of the last stages of planning for the march on the Justice Department the next day, met at the offices of the "Quick-Silver Times" at 1932 17th Street, N.W., Washington, D.C.

Late in the night, or early in the morning, these veteran radical planners were joined by others, including Jerry Rubin, wearing a long-haired wig under his Indian head-dress. The activities of the midnight conspirators was directed toward the culmination of the planning of a march at 5:00 PM on Saturday (November 15, 1969), to the "Department of Injustice" protesting the Chicago Conspiracy Trial. This march, sponsored by the "Conspiracy" and the Youth International Party (a non-existent organization), had obtained a permit for their project from the United States Department of Justice. It was their intention to assemble between 4:30 PM and 5:00 PM on Constitution Avenue, drawing crowds of people from the New Mobe Rally, which was due to end at this time. It was planned that at this time Mobe marshals, in sympathy with the "Injustice" march would rip off their Mobe armbands and put on "Conspiracy" headbands, starting a chant: "Two, Four, Stop the Trial/ Five, Six, Stop the Trial/ Seven, Eight, Smash the State."

The above source advised that Jerry Rubin was among the individuals observed in the Washington, D.C., area on November 15, 1969.

Several Confidential informants who were present in Washington, D.C., during demonstrations held in that city during the period November 13 - 15, 1969, advised in November and December, 1969, they could furnish no information concerning Rubin's activities during that period.

Reference is made to New York memorandum, dated  
December 1, 1969.

On November 20, 1969, a source, who has furnished reliable information in the past, advised that at a meeting of the New York Socialist Workers Party (SWP) branch, which was held on November 17, 1969, in New York City (NYC), Fred Halstead spoke on the demonstration that was held at the Justice Department, in Washington, D. C. (WDC), on November 15, 1969. He stated that the night before the demonstration "while everyone was sleeping, Abbie Hoffman and Jerry Rubin held a meeting in Georgetown".

According to the source, Halstead stated that when the New Mobilization Committee to End the War in Vietnam (MCEWV) heard of the intended action at the Justice Department, it offered to the organizers of that action to send their marshals, but the group intending to hold the action turned down the offer stating that the marshals were "like the cops".

Halstead described how at the rally at the Washington Monument, Jerry Rubin and Abbie Hoffman had picked their way through the crowd in order to get to the speakers platform with

the idea of rushing the platform and telling everyone in the assembled throng to get up and follow them to the Justice Department. According to Halstead, Rubin and Hoffman never had a chance to carry out the above idea as they could not get to the platform because it was physically impossible for anyone to move in the massive crowd. Halstead said that Rubin and Hoffman, after realizing it was impossible to get to the speakers platform, picked their way out of the crowd and went off and started their action one hour ahead of time.

According to Halstead, the violent action on November 15, 1969, actually started at the Department of Labor, where the Progressive Labor Party (PLP) was, and that the government started gassing there at 4:10 p.m. Then, those demonstrators just overflowed to the Department of Justice where they joined with the Youth Against War and Fascism and other ultra lefts.

The SWP has been designated pursuant to Executive Order 10450.

Characterizations of the SWP, New York Local, the PLP and the YAWF are attached hereto.

Abbie Hoffman

On the evenings of May 11 and 12, 1968, the "At Random" television program was aired on the Columbia Broadcasting System Television (CBS-TV), Channel 2, Chicago, Illinois, with Moderator John Madigon. Among the participants on part two of these programs was Abbie Hoffman, who identified himself as a representative of the Youth International Party (YIP). During the ensuing discussion, Hoffman was asked if he was in favor of the overthrow of the United States Government

1.  
PROGRESSIVE LABOR PARTY (PLP)

The "New York Times" city edition Tuesday, April 20, 1965, Page 27, reported that a new party of "revolutionary socialism" was formally founded on April 18, 1965, under the name of the PLP, which had been known as the Progressive Labor Movement.

According to the article, "The Progressive Labor Movement was founded in 1962, by MILTON ROSEN and MORTIMER SCHEER after they were expelled from the Communist Party of the United States for assertedly following the Chinese Communist line."

[redacted] that the PLP held its Second National Convention in New York City, May 31, to June 2, 1968, at which time the PLP reasserted its objective of the establishment of a militant working class movement based on Marxism-Leninism. This is to be accomplished through the Party's overall revolutionary strategy of raising the consciousness of the people and helping to provide ideological leadership in the working class struggle for state power.

b7D

[redacted] that at the Second National Convention, MILTON ROSEN was unanimously re-elected National Chairman of the PLP and LEVI LAUB, FRED JEROME, JARED ISRAEL, WILLIAM EPTON, JACOB ROSEN, JEFFREY GORDON and WALTER LINDER were elected as the National Committee to lead the PLP until the next convention.

b7D

The PLP publishes "Progressive Labor", a bimonthly magazine; "World Revolution", a quarterly periodical; and "Challenge-Desafio", a monthly newspaper.

The April, 1969, issue of "Challenge-Desafio", sets forth that "Challenge is dedicated to the peoples fight for a new way of life-where the working men and women control their own homes and factories; where they themselves make up the entire government on every level and control the schools, courts, police and all institutions which are now used to control them."

WORKERS WORLD PARTY

[redacted] advised that on February 12, 1959, a Socialist Workers Party (SWP) minority group under the leadership of National Committee member SAM BALLAN, split from the SWP.

b7D

[redacted] that this minority group, referred to as the Marcyites, after many years of program and policy differences on varied issues concerning tactics and interpretation of political events, split from the SWP on the grounds that the Party was liquidating itself by departing from the Marxist precepts of LEON TROTSKY and retreating from the fight for the world Socialist revolution. The final issue which ultimately forced the split was the minority's opposition to the SWP regroupment policy which involved cooperation with the Communist Party (CP) periphery-individuals characterized by the minority as petty-bourgeois.

The minority program, according to the source, advocated unconditional defense of the Soviet Union and has as its goal the building of a revolutionary party with a complete proletarian orientation for the purpose of overthrowing capitalism in the United States and throughout the world.

[redacted] that this minority group had chosen the name Workers World Party.

b7D

[redacted] advised that the Workers World Party, which maintains headquarters at 46 West 21st Street, New York, New York, supports the People's Republic of China in its ideological dispute with the Soviet Union.

The SWP has been designated pursuant to Executive Order 10450.

STUDENTS FOR A DEMOCRATIC SOCIETY

A source has advised that the Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. From an initial ideological posture of "participatory democracy," the current line of the national leadership reveals an adherence to Marxism-Leninism. Michael Klonsky, National Secretary, in March, 1969, called for the building of a revolutionary Marxist-Leninist movement. The program of SDS has moved from involvement in civil rights struggles to an anti-Vietnam war position and finally to its present advocacy of an anti-imperialist line, linking up the oppressed peoples of Asia, Africa and Latin America with the black liberation movement in the United States. China, Vietnam and Cuba are regarded as countries which are leading the world-wide struggles against United States imperialism. On the other hand, SDS regards the Soviet Union as an imperialist power and does not support the policies of that country.

SDS maintains a National Office in Room 206, 1608 West Madison Street, Chicago, Illinois. Its official paper "New Left Notes" reflects the line of the national leadership and program adopted at meetings of the National Council and National Interim Committee (NIC). Three national officers and a NIC of eleven members are elected each year during a June National Convention.

SDS Regional Offices and university and college chapters elect delegates to National Council meetings wherein program and ideology are debated, but each Region and chapter is autonomous in nature and is free to carry out independent policy and programs reflective of local conditions.

Counterintelligence Recommendation

DECLASSIFIED  
BY 4417 7/19/76  
GTT:mp

In view of information set forth in enclosed LHM regarding bank accounts concerning RUBIN and remuneration he has received since January, 1969, in connection with public appearances, it is recommended that copies of this LHM be furnished to the Internal Revenue Service for their assistance concerning investigation being conducted by that agency in relation to subject's failure to file Federal Income Tax Returns. It is believed that enclosed LHM contains enough evidence to indicate that RUBIN has had enough income during 1969 to make filing mandatory.

ANY CURRENT INTELLIGENCE TACTICS AGAINST RUBIN WITH  
RESPECT TO THE BENCH WARRANT.

SAN FRANCISCO TELEPHONICALLY BY NYO.

END

RM R RELAY

FBI WASH DC

NY 100-163303

In this light, New York established certain criteria to identify NL organizations and members which could be extracted from the NL hodge-podge as logical targets for a counterintelligence program designed to cripple and discredit the NL.

Members and activists in the NL are young (usually under 25 years), who for the most part are non-conformists in dress, speech and morals. They have a universal "hate" for the so-called "establishment", a tremendous aversion to work and feel they have discovered a new form of expression in obscenity. Their "heros" at present are CASTRO and CHE GUEVARA, the latter having been elevated to a mystical pedestal in the NL mind. Chairman MAO and HO CHI MINH are revered in the same light.

Members of the NL consider themselves beyond all discipline which might originate in the home, university or from the detested "establishment." They come from middle and upper-middle class homes with a disproportionate number from a Jewish liberal background. Any appeal to reason seems to be wasted on the average NL follower.

In the New York area there are approximately 17 organizations which have been identified to a greater or lesser extent with NL activities. Included are youth organizations affiliated with the "old left" such as the W. E. B. Du Bois Clubs of America (DCA), a youth organization of the Communist Party (CP), Youth Against War and Fascism (YAWF), the youth arm of the Workers World Party (WWP) and the Young Socialist Alliance (YSA), the youth section of the Socialist Workers Party (SWP). In addition, the Progressive Labor Party (PLP) has been active in its support of the NL through PLP members working within the Students For a Democratic Society (SDS).

The CP, USA, and the DCA are already included under counterintelligence programs by this Bureau. The others listed above are not being considered as primary targets of the NL counterintelligence program at this time, although they might be so considered in the future.

NY 100-163303

It is believed that any counterintelligence program against the NL to be initiated in the New York area, should be directed at the ~~SDS~~ as the primary target, with ~~The Resistance~~, Student Mobilization Committee (SMC) and the Youth International Party (YIP) as secondary points of aim.

In brief, SDS operates a Regional Office at 50 East 11th Street, NYC, although this office will probably move on or about 6/1/68. SDS also publishes a weekly newspaper called "Rat," with offices at 201 East 4th Street, NYC. In addition, SDS has a weekly radio broadcast over Radio Station WBAI-FM, NYC at 7:00 PM, every Wednesday. Air time for this broadcast is being donated to SDS as part of a "Commentary Series" sponsored by the station.

SDS maintains chapters in ten or more colleges and universities in the New York area which engage in varying degrees of student activity. The chapter at Columbia, of course, has been extremely active in the recent past.

Activists in SDS and logical targets for counter-intelligence operations are:

[redacted] (SDS-PLP at Brooklyn College)

[redacted] (SDS Funds Raiser)

[redacted] (SDS Office Manager, NY Region)

MARK RUDD (SDS Chapter Chairman at Columbia University)

The Resistance is located at 5 Beekman Street, NYC (Room 1025), and is engaged in "anti-draft" activities as well as the NL.

Activists in The Resistance are:

NY 100-163303

The SMC is located at 17 East 17th Street, NYC and publishes a paper entitled "Student Mobilizer" at varying intervals.

SMC activists are:

(SMC Secretary)

(SMC Treasurer)

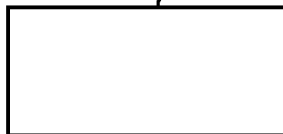

(SMC Coordinator)

YIP (Also known as "Yippies") is located at present at 32 Union Square, NYC, and is considered to be one of the strongest anti-establishment organizations in the New York area.

YIP activists are:

JERRY RUBIN (Co-chairman)

ABBIE HOFFMAN (Co-chairman)

(Secretary)

(Treasurer)

The following specific recommendations for counter-intelligence actions against SDS are being made at this time:

1. The 5/11/68, issue of the "Guardian", page 5, contained an article entitled "Activist Answers Columbia Prexy", which sets forth the contents of a letter written by MARK RUDD, SDS leader at Columbia University, to GRAYSON

NY 100-163303

KIRK, President of Columbia, following a speech by KIRK on 4/12/68, during which he, KIRK, complained about youthful antiauthoritarianism. The letter which condemns KIRK from every point of view, ends with a harsh obscenity.

It is recommended that copies of the above letter be sent anonymously to selected college and university officials in the New York area, with particular reference to those institutions having SDS chapters on campus. The photostatic or Xerox copies of the article would be accompanied by a note reading: "We wonder - after you read this letter - if you will consider the Students For A Democratic Society to be a legitimate campus organization in the American university tradition?" Signed "Concerned Alumni."

It is believed the last paragraph of the letter (containing the obscenity) should be circled in red.

It is also recommended that copies of the above letter be mailed to a representative number of parents of students arrested by the New York City Police Department during the student "revolts" at Columbia and to the parents of activists in SDS and other NL organizations.

The accompanying note to the letter directed to parents will read: "So your son or daughter got 'busted' during the so-called 'student revolt' at Columbia? The attached letter will introduce you to Mark Rudd, student leader of SDS and the instigator of the whole disgraceful mess. It's your child and your money. Help throw SDS off the campus. Action for a healthy change is up to you..." Signed: "Father of a 'busted' ex-student."

Two Xerox copies of the RUDD letter are enclosed together with the notes mentioned as above.

2. It is recommended that a postcard mailing be made to parents of a representative number of Columbia students arrested during recent student riots. The card will advertise the following event (dates and other details subject to change):

~~Attend The Cultural Bag of The Year~~

1968 SDS Crap Out

- . Do your thing
- . Bring your own grass, pot, whatever
- . Music by 'The Mothers.'
- . Columbia Students - Free

July 5 - 6 (All nite, baby) 6:00 PM 'till-

4th Floor, 17 East 17th Street, NYC (SMC Office)

Auspices: SDS, 50 East 11th St.  
NY Region

Extra: Meet and gas with Mark Rudd!"

It is believed the advertisement of fictitious events, as above, could bring positive results in a disruptive program pointed at SDS and related organizations. This card may cause some parents to finally regard their offspring with a jaundiced eye and question their friends and associates. Secondly, a certain degree of confusion could result should a number of students show up for the "affair" at the SMC Office.

3. It is believed that the "cuckoo angle" inherent in the NL can be exploited from a counterintelligence point of view. This phase would emphasize the strange collection of hippies, drop-outs, hop-heads and plain nuts that cling to the NL, appear at most of their "functions" and are greatly attracted by the news media.

NY 100-163303

The creation of a montage on paper of leaflet size showing photographs and parts of photographs of the worst of the hippy set - complete with hair and dirt - and containing a very small message in the center (printed in red) would have a caricaturing effect on the SDS on campus or from the mailing technique. The message in the center of the montage would read: We are the SDS. If we lead would you follow?

If the above is acceptable, New York will prepare an initial layout of the montage for submission to the Bureau with a request for authority to utilize same in the counterintelligence operation against the NL.

At the present time, the New York Division has investigative responsibility for the following individuals who have been designated "Key Activists" by the Bureau:

[redacted] (SDS)  
(NYfile 100-159517; Bufile 105-170067)

[redacted] (SMC)  
(NYfile 100-157637; Bufile 100-447282)

JERRY CLYDE RUBIN (YIP)  
(NYfile 100-157178; Bufile 105-131719)

In addition to the foregoing, it is anticipated that MARK RUDD, SDS leader at Columbia University, will be designated as a Key Activist in the near future.

In each Key Activist case, with the exception of RUDD, the Bureau has directed that investigative steps be taken to intensify coverage of these individuals and to seek ways of neutralizing their activities in the NL.

Additional counterintelligence action against these individuals will be incorporated into the over-all program aimed at the NL. Action along this line will depend on the development of additional information which would indicate

NY 100-163303

suitable moves against the Key Activists. As the Bureau is aware, the NYO has had success in the counterintelligence program against the SDS and MARK RUDD through recent articles by Associated Press. Other similar ideas are being considered utilizing cooperative, confidential news sources including the Associated Press. Bureau will be advised of these ideas in future communications with request for approval before proceeding further.

New York will await Bureau authority relative to the recommendations set forth herein.

By now most of the slick commercial magazines have published yet another orgy of bourgeois analysis about the "youth rebellion," concluding for the nth time that radical youth are nihilistic.

Here is an answer to the nihilism charge by Mark Rudd, chairman of the Columbia University chapter of Students for a Democratic Society, an organizer of the Columbia rebellion. Rudd's remarks were made in a letter he wrote to Columbia president Grayson Kirk who, in a speech in Charlottesville, Va., April 12, complained about youthful anti-authoritarianism. Following are Kirk's brief statement and Rudd's letter, which was published April 22, the day before Columbia students initiated their current protest.

Said Grayson Kirk:

"Our young people, in disturbing numbers, appear to reject all forms of authority, from whatever source derived, and they have taken refuge in a turbulent and inchoate nihilism whose sole objectives are destruction. I know of no time in our history when the gap between the generations has been wider or more potentially dangerous."

Said Mark Rudd:

Dear Grayson—Your charge of nihilism is indeed ominous; for if it were true, our nihilism would bring the whole civilized world, from Columbia to Rockefeller Center, crashing down upon all our heads. Though it is not true, your charge does represent something: you call it the generation gap. I see it as a real conflict between those who run things now—you, Grayson Kirk—and those who feel oppressed by, and disgusted with, the society you rule—we, the young people.

You might want to know what is wrong with this society, since, after all, you live in a very tight self-created dream world. We can point to the war in Vietnam as an example of the unimaginable wars of aggression you are prepared to fight to maintain your control over your empire (now you've been beaten by the Vietnamese, so you call for a tactical retreat). We can point to your using us as cannon fodder to fight your war. We can point out your mansion window to the ghetto below you've helped to create through your racist university expansion policies, through your unfair labor practices, through your city government and your police. We can point to this university, your university, which trains us to be lawyers and engineers, and managers for your IBM, your Socony Mobil, your IDA, your Con Edison (or else to be scholars and teachers in more universities like this one). We can point, in short, to our own meaningless studies, our identity crises, and our revulsion with being cogs in your corporate machines as a product of and reaction to a basically sick society.

Your cry of "nihilism" represents your inability to understand our positive values. If you were ever to go into a freshman CC class you would see that we are seeking a rational basis for society. We do have a vision of the way things could be: how the tremendous resources of our economy

could be used to eliminate want, how people in other countries could be free from your domination, how a university could produce knowledge for progress, not waste consumption and destruction (IDA), how men could be free to keep what they produce, to enjoy peaceful lives, to create. These are positive values—but since they mean the destruction of your order, you call them "nihilism." In the movement we are beginning to call this vision "socialism." It is a fine and honorable name, one which implies absolute opposition to your corporate capitalism and your government; it will soon be caught up by other young people who want to exert control over their own lives and their society.

You are quite right in feeling that the situation is "potentially dangerous." For if we win, we will take control of your world, your corporation, your university and attempt to mold a world in which we and other people can live as human beings. Your power is directly threatened, since we will have to destroy that power before we take over. We begin by fighting you about your support of the war in Vietnam and American imperialism—IDA and the School of International Affairs. We will fight you about your control of black people in Morningside Heights, Harlem and the campus itself. And we will fight you about the type of mis-education you are trying to channel us through. We will have to destroy at times, even violently, in order to end your power and your system—but that is a far cry from nihilism.

Grayson, I doubt if you will understand any of this, since your fantasies have shut out the world as it really is from your thinking. [Columbia] Vice President Truman says the society is basically sound; you say the war in Vietnam was a well-intentioned accident. We, the young people, whom you so rightly fear, say that the society is sick and you and your capitalism are the sickness.

You call for order and respect for authority; we call for justice, freedom, and socialism.

There is only one thing left to say. It may sound nihilistic to you, since it is the opening shot in a war of liberation. I'll use the words of LeRoi Jones, whom I'm sure you don't like a whole lot: "Up against the wall, motherfucker, this is a stick-up."

Yours for freedom, Mark

SUBJECT: COUNTERINTELLIGENCE PROGRAM  
IS  
DISRUPTION OF THE NEW LEFT

Reference is made to Bureau letter dated 5/10/68 and New York letter to the Bureau dated, 5/28/68.

## 1. Potential Counterintelligence Action

Referenced New York letter set forth recommendations as to potential counterintelligence actions including material for anonymously mailings against the New Left, advertisements for fictitious events and the exploitation of the "cuckoo angle" inherent in the NL.

To date the Bureau has not replied to these recommendations. When appropriate authority is received, New York will initiate counterintelligence measures.

Additional recommendations re potential counterintelligence actions will be submitted in the near future.

## 2. Pending Counterintelligence Action

Pending actions against the New Left await Bureau authority as requested in referenced New York letter.

## 3. Tangible Results

In the case re JERRY CLYDE RUBIN (Bufile 105-131719, NY 100-157178), a Key Activist with YIP.

Bureau authority was secured to furnish information re RUBIN to the New York Police Department, Narcotics Bureau. On 6/13/68, RUBIN was arrested and booked on charges of the possession of marijuana. He was released on \$1,000.00 bail.

The above led to unfavorable publicity both for RUBIN and his organization, YIP.

[redacted] and Jerry Rubin, both of whom are leaders of the National Mobilization Committee to End the War in Vietnam (NMCEWV), have been arrested on narcotics charges and are currently free on bail.

[redacted] was arrested 6/21/68 by Customs officials and Rubin was arrested 6/13/68 by the New York City Police Department on a similar charge.

The terms of their bond are not known to the Bureau, but it seems possible that such terms may prevent their travel outside the state.

Since the NMCEWV has publicly announced that it will demonstrate at the Democratic National Convention, it may be that [redacted] and Rubin will attempt to travel to Chicago for that Convention. In addition, they may also plan to travel to Miami for the Republican National Convention.

You should, therefore, promptly determine whether the terms of their bond prevent travel outside the state.

If [redacted] and Rubin are so restricted, you should arrange to be alerted to any travel planned by them in order that appropriate authorities may be notified.

NOTE:

Both [redacted] and Rubin are on the ~~Security~~ Index. Rubin was Project Director of the October 21-22, 1967 March on the Pentagon. He was arrested during that March. Through the above we may be able to prevent their attendance at either Convention.

SUBJECT: ~~COUNTERINTELLIGENCE-PROGRAM,~~

~~DISRUPTION OF THE NEW LEFT~~

ReBulet, 5/10/68. 100-449698-1

Enclosed herewith are two copies of letter appearing in 5/11/68 issue of "Guardian", contained in envelope marked "Obscene."

In the preparation of this analysis of potential counterintelligence action against the New Left (NL), including both NL organizations and leaders (Key Activists), consideration was given to the actual structure of the NL in the New York area. A review of all available material indicates that a specific definition of the NL and its adherents is difficult at best since the movement is subject to daily change and is fluid in character.

The NL embraces philosophic dicta from every point in the left spectrum - communists, socialists, nihilists, Castroites, Maoites - all mixed together with political screw-balls of every description. The whole conglomeration has demonstrated its willingness to engage in violence, the most recent example being the series of student "revolts" at Columbia University. Many individuals in the NL desire the absolute destruction of the government of the United States in its present form and, depending on their own political belief, seek to replace it with some form of socialism. Few in the NL, however, offer specific remedies to solve social and economic problems following the "revolution" they envision.
